

The Vision: The desired future state....what would "winning" look like?

 *The Strategy*

Love: What's going well? What do you enjoy or appreciate?

Longing: What are you hoping for? What's the goal?

Leverage: What can you use or implement in order to achieve your goal?

Let Go: What do you need to **STOP** doing in order to achieve your goal?

Even the most well-formed strategy **WILL FAIL** without execution. Achieving the vision **REQUIRES** effective implementation, clear communication, and diligent tracking.

The Execution
